Dear Sir (Madam),

I am a member of the steering committee in my building. Over the years, I have often felt the need for the information about topics of importance to myself and other residents in my building. The one organization which I know I can turn to is the HUD Tenants' Coalition (HTC) of Newark, New Jersey.

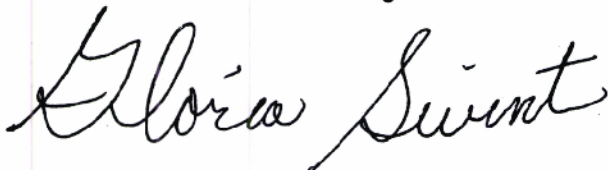

I have attended a number of workshops and trainings organized and presented by the HUD Tenants' Coalition of Newark, and found them to be interesting and informative. I have also participated in meetings HTC has organized with those who monitor our buildings, from the local HUD office, and from the state New Jersey Housing & Mortgage Finance Agencies. These meetings gave residents a chance to talk face to face with policy makers about their problems.

The HUD Tenants' Coalition deals with residents who live in buildings like mine throughout the greater Newark area. They understand the unique problems residents of these buildings need, and the complicated regulatory structure which residents have to work through. I strongly recommend that their proposal be funded by the Department of Housing and Urban Development.

Sincerely,

Gloria Swint

Member of the Steering Committee
